We have already gotten approval for this project and the project number is RP1904. So I do not know if you need me to do anything else. You are approved to provide whatever support [Ex. 6 PP / Ex. 7(C)] needs in regards to the water consult.

Linda – This case was supposed to be a consult (i.e., not to exceed 8 hrs). However, I was able to get the jump drive that Frank sent me with the documents he wanted me to review. Long story short, there are over 3,000 pages of documents.

What I did not realize was that [Ex. 6 PP / Ex. 7(C)] had a Form 9 in the envelope with the jump drive. I spoke with [Ex. 6 PP / Ex. 7(C)] today and [Ex. 6 PP / Ex. 7(C)] realized this review would take up some man hours, that is why he included the Form 9.

The name of the case is "ITC Deer Park" (Intercontinental Terminals – Deer Park) and is located in Houston, TX.

Let me know if you need any further information. I have the form 9.

Hi Mike,

I understand that you will be assisting me in going over wastewater treatment plant data for a case down here in Houston. Let me know when you are available to discuss over the phone.

Regards,
